BALSAN IS ALWAYS ONE STEP AHEAD

Dear customer,

MORE MOTIVATED AND ACTIVE THAN EVER!

In the context of the current health crisis, Balsan continues to maintain its entire production capacity and operate on the French and Export markets, more motivated and active than ever!

As usual, our sales team and sales department are on hand to co-design all your flooring projects with you.

Balsan is also able to maintain its immediate-dispatch deliveries throughout France and abroad, thanks to the numerous products it has available in stock in tile, plank and roll formats, sold either per unit or cut to size.

**Please do not hesitate to contact our sales department by calling
+ 33 (0)2 54 29 16 00**

to order products or samples or to discuss delivery lead times or on-site deliveries, etc.

Our Paris showroom also welcomes you every day by appointment only, where protective measures and social distancing are in place.

Thank you for your trust and loyalty.

Take care of yourself.

Christophe Pouille

Deputy Managing Director of BALSAN
